DEEP COLOURS, ENCHANTING LIGHTS

In the cooler months, rich shades and special light effects bring excitement to your nails. The new Hypnotic Gel&Lac collection has several new faces this season: the creamy caramel and chocolate brown shades of the Caramel Selection, the charming berry tones of Berry Chic, while Who's That Girl? captivates with romantic pinks, vibrant reds and sophisticated mauve. Alongside them, one of the season's biggest favourites, Cat Eye gel polishes, step into the spotlight with rich colours and dazzling reflections that change with every movement, just like gemstones in soft light. From returning everyday favourites to sparkling festive evenings, there is always room for a little luxury on your nails.

NEW RAINDROP EFFECT TECHNIQUE

The nail was created using the new Hypnotic Gel&Lac shade 282 and the new Rain Drop Kit.

Rain Drop Kit

RAINDROP EFFECT TOP SET

Like fresh raindrops resting on the nails: with the Rain Drop two-step nail art system, you can create a transparent, glass-like, shiny 3D raindrop effect. **Step 1** prepares the perfect surface, while the self-leveling formula of **Step 2** creates eye-catching, raised drops. The effect looks dramatic over dark colours, light and airy over lighter shades, and adds special depth to nail art.

How to use:
Apply a thin layer of Step 1, then cure for 60 seconds in a UV/LED lamp. Without wiping, apply Step 2, wait approximately 1 minute for the effect to develop, then cure for another 60 seconds. The finished surface is extra shiny and no-wipe.

Features:
- Eye-catching 3D raindrop effect
- Self-leveling, easy-to-use formula
- Can be used over any colour or nail art
- The effect can be customized by adding drops by hand

The set contains: Rain Drop Step 1 and Step 2.

Curing time:
UV lamp: 2–3 minutes
LED lamp: 1–2 minutes
UV/LED lamp: 1 minute

For white and light base colours, 30 seconds of curing is recommended to avoid discolouration.

Liquid Future Gel

THE NEW GENERATION OF POLYGELS

The Liquid Future Polygel family is expanding with four beautiful new shades: the candy pink **Candy Dream**, rosy-beige **Velvet Nude**, icy sparkling **Ice Sparkle**, and soft, milky pink **Rosy Blush**. Combining the easy application of gel with the durability of polygel, its self-leveling yet non-running consistency makes it ideal for natural nail strengthening, salon nails and no-file techniques.

This HEMA-free builder gel combines the durability of Future Gels with the soft consistency of gels. It is excellent for **no-file techniques** and can also be used with forms for **building S–M length nails in two steps**. It does not lift or crack and is suitable for a wide range of techniques, from natural nail strengthening and babyboomer to classic salon nails. **Available in two sizes** to suit different working styles: the 8 ml bottle with brush is ideal for quick and precise application, while the 15 ml jar is an economical choice when working with larger amounts of product.

Important: For maximum adhesion, a base gel is required. We recommend using Ever Bond Base or Fiber Base Gel. The correct C-curve and product thickness are important for a strong and long-lasting result.
Attention: Heat may be generated during curing. During the first 10 seconds, keep the hands in the scattered light of the lamp.

Curing time:
LED lamp: 1–2 minutes
UV/LED lamp: 1.5–2.5 minutes
For more highly pigmented colours, a longer curing time is recommended.

Hand & foot care

CREAM & PERFUME OIL

Our care collection is expanding with two new limited-edition scents. The cuticle oils nourish and care for the skin around the nails, while the lightweight hand and foot creams absorb quickly, leaving the skin soft and cared for without a sticky feeling.

Sweet Grapes

Sweet, juicy and irresistibly fruity: the Sweet Grapes collection captures the rich aroma of freshly picked red grapes. Its fragrance combines honey-sweet, juicy notes with a pleasantly tangy freshness, creating a scent that is cheerful, distinctive and refreshing.

Velvet Bloom

A blend of sensual florals, velvety warmth and irresistible femininity: the limited-edition Velvet Bloom care collection has arrived. The fresh notes of bergamot and mandarin, with a touch of lavender, lead into a heart of orange blossom, sambac jasmine and spicy saffron. Rich, long-lasting notes of vanilla, honey, tonka bean and amber complete the fragrance.

The seasonal care collection includes hand and foot creams in two sizes and a scented cuticle oil. Available for a limited time only.
